Set your receivers and satellite dishes straight for 13 bizarre broadcast signals transmitted from a Synth Punk station in Bordeaux.

Be hypnotized by the disturbing soundwaves of the theatric synth-overdrive of "Videodrame" and the darker "Toxic People", the noisy and freaked-out basslines in "Mannequins", "Metro Station" and "Phillip K. Dick". Let your brain sizzle with the punkier and faster JAY REATARD/LOST SOUNDS styled melodies in "Unplug me", "Satan Claus" and "Solar Beam".

Stare paralyzed and drooling onto a black screen with the spheric and dark Garage Post-Punk songs "Pills", "Alienation", "Wasted" before the monotone super catcher "Mature Morte" finally sucks your mind dry.

For all those who got stuck on channel LOST SOUNDS/TERROR VISION/DESTRUCTION UNIT/DIGITAL LEATHER/BLACK BUG/THE SPITS: to avoid fainting, keep repeating: It's only a record, it's only a record, it's only a record....
