After the MANIKINS hung up their guitars and called it a day, Kalle and Max roamed the nocturnal streets and met their old pal Nero who was taking Chewbacca for his daily walk. Together they went over to the 24/7 juke joint for some of that delicious and eyesight-robbing Swedish moonshine liquor and went insane.

The rest is history documented on this second Vollgas album that was written in one go on the backside of an old Samantha Fox poster and recorded straight away in the drunk tank of the local police station. When the four OAFS were found in the morning, they had thrashed themselves into a rabid delirium and the shocked officers sent these 18 outbursts directly over to the P. Trash HQ. We see it as our duty to let this thrashy testimony be a warning for our youth to keep away from the evil spitits by letting you listen in indignation to such a wild blast of fast and beating songs entitled "Dead by dawn", "The best thing that ever happened to me is nothing", "The dark ages are coming back (and I f**king like it)" and the even more shocking "Pissing on a drowning man" and "Surfin' on a big brown wave of shit", together with a whole lotta more titles where those poor boys speak in tongues, clearly lost forever. Relentless and unforgiving. Keep away in a safe place, we know how hard it is to resist such tasty temptation.
