Good ole Steve has gassed up this rocket of a record with the catchiest and hottest Power-Pop combustible available on the black market.

His faithful and brave crew members Dave and Emmanuel of mondo SEDATIVES have already taken their seats and with every one of these 10 songs here we count down to take-off to what is gonna be the vehicle to take you to Planet Punk this summer. If your universe was dark and empty, the launch of this record will bring the stars back into your bloodshed eyes. The propulsive force of the catchy melodies in songs like "I'll take you anywhere" and "Unglued", or the highly-infectious "Not for long" and "Speed it up" will shoot you directly into a galaxy that has been forgotten since the extinction of the CARBONAS or the MANIKINS.

A quick stop for a beer in a cosmic bar that plays the DICKIES on the jukebox even brings some more melancholic tunes like "Hollowed", until Steve decides to start the return journey just in time with "Better off" and "Your only one" and ends your joyful flight drunk and happily on your bedroom floor.

All systems go for this unstoppable Punkrock Power-Pop ride!
