To our humble ears, the alloy of Scandinavian melancholy and perfect melodies somehow always seems to work whenever we put on Swedish bands like the BOMBETTES, TERRIBLE FEELINGS, VICIOUS or INVASIONEN. But never has a comparable sound emulgated into what awaits to be discovered inside the blurry cover of this record. The unlocked potential of the small-town blues of Småland and the ardent post-teenage angst bundled in 10 songs that slowly burn a hole into a gray and bland surface. Singer Karolina's crystal clear and intense voice covers a tight texture of melodies that brachiate from hookline to hookline, somehow comparable to the early 80s Californian Punk of THE AVENGERS that meets the more New Wave sound of Swedish Feminist-Agit Punk bands TANT STRUL and PINK CHAMPAGNE. The three slower songs on this LP perfectly fit inside the steady mid-tempo and increase the feeling sadness and anxiety expressed im- and explicitly. A piercing ray of sunlight on a cold autumn day.

This LP has all the hallmarks of being a killer instant classic!!!
