After a two-year epitaxy in the wild of Ottawa, the ZEBRA was captured first by the the famous animal whisperers of the Going Gaga zoo in 2010, where it birthed this 8 song record loaded with the finest earcandy. That's what ZEBRASSIERES are known for. Copies went a-flyin' fast and lotsa people missed out on this one.

Now, the ZEBRA's back in its cosy European stable here on the P. Trash farm and the first offshoot is available again in a very limited edition of 300 one-sided copies. All wrapped up in new silkscreened artwork and remastered by Dave Williams of the SEDATIVES and the STEVE ADAMYK BAND, who gave the stylish New-Wave/Pop-Punk sound a classy polish.

Sounds like the stripped down B-52's that got the WHITE WIRES treatment and were added some synthesized DEVO chop chop. Simplistic and stylish stuff to bring out the sexbot in you.
