Brandnew 77-Pop-Punk-Bastard outta germoney, folx! This bunch of old fuckers plays some short'n'snotty retard-punk-hits, which just greatly adapt to this rank feeling we know from the KBD-comps and combine it with some newer influences like STEVE ADAMYK or the SONIC AVENUES. You know what I mean, when you listen to songs like the nerdy pop-hymn "Segway Cops", the punkrock-anthem "Johnny Ramone Syndrome" or "November Heart", which sounds a lil melancholic between the lines.

There is a shit load of instant hits on this platter, you just can't get out of your head for a trillion years. Think of 60% MANIKINS and both 20% MODERN PETS, ABOUT: BLANKS – just cool shit, ya know. How did this fella on the world wide network of irregular excrement say: "cuddly like a latex burka..."
