Awesome, new frenchmen combo avec les guys from AGGRAVATION, IRRITONES, LES JOLIS and (uff cuz) HATEPINKS.. So, the common morons we all know and love! They play a wild mixture of their previous bands – naughty, fucked up and catchy as hell '77. While they mainly puke out their lyrics in English and French, the opener “Hass Hass Hass” is a totally weirdo-hit sung in lovely, half wrong German. It’s just one of those very rare and special lyrical climaxes in history of mankind, which will some day be named besides poets like Goethe, Schiller and this hobo I met a while ago in our local trash-park. There’s also a pretty great cover of 999s “Homicide” on this little 12" jewel, played a little faster and dirtier as the original version. Comes with inlay and a (pretty in) pink-coverart.
