This amazing debut is mandatory for all the pale zombies of the now to get a live cell therapy. It doesn't matter if you're the older wave-punk geezer, the younger carnivore of trend-punk or anyone in between. Take these 12 catchy tunes to reanimate your miserable existence or rather stay the way you are, dude. For your regular heartbeat there are a bunch of fast songs, some faster songs to ensure tension and suspense and even one excellently sung ballad to blend in very well with all the highly addictive moments in punk history that'll come to mind - from SIOUXSIE AND THE BANSHEES, X-RAY SPEX, AVENGERS, NEONBABIES, IDEAL in the late 70ies/early 80ies and WIPERS, SONNY VINCENT, THE FASTBACKS, MOST SECRET METHOD in the late 80ies/90ies to the contemporary punk of the 21st century like EPOXIES, BUSY SIGNALS, LOST SOUNDS, ZEBRASSIERES.

THE BLOODTYPES transfer the unbending punk-spirit of all time straight from their heart to yours without any loss of quality.
