This The MARVELOUS DARLINGS from Canada (with guys from bands like YOUNG GOVERNOR, CAREER SUICIDE and FUCKED UP - just for the record, ya fools) are about to launch a whole bunch of new 7" on various European labels.

We at P. Trash Records are therefore more than happy to start this year's Summer Offensive with the most sunny and poppy of them all. "The only ones for miles", with that groovy and sticky guitar and the hint of melancholy in the chorus, has this UNDERTONES undertone and is the best song you can put on on a rainy day during the shitty German summer. In "Follow me home" they bring out those wonderful BEACH BOYS harmonies and THE LA's stickyness that blow even the darkest of clouds away.
