There won't be any recall campaign for this new model of the TOYOTAS. Stripped down to the very basics of poppy Punkrock, these three songs have a lifetime guaranty to keep all the nerdy romantics out there satisfied and grinning from one side mirror to the other. As soon as the first few chords ignite, you know it's unmistakably Daniel, squeezing the juice out of his old Epiphone again, serving us a cold glass of "Orxata", the sweet and tasty love song on the A-side. The wilder and epileptic "I can't dance" and "I don't wanna" on the B-side will make you take the hands out of yer pants and your head and hips wobbling and shaking along forever. If they can't dance - You will!
