The Canadians really spoil us this time by not only releasing a brand new album, but also this exclusive little ditty, accompanying their European Tour 2010.

The title song 'Uptime' is supposed to be an outtake of their new album 'Holiday Cops' but comes in a different version with a Keyboard that gives the whole tune an even stronger touch of DEVO. 'Division' was already on the 'New People Make Us Nervous' LP but was re-recorded in a catchier way. On the flip you get the new song 'Dispensary' and a killer version of THE BUZZCOCKS' 'Lipstick'.and drips and drools!

Tracklist:
