New 7" by OUTTACONTROLLER, "Colt Summer/Trash On" is a fresh double A-side single of deeply infectious pop punk/garage!
The first song directly gets down to the basics of RAMONES inspired pop punk played in a mighty HEX DISPENSERS mood. A raucous, fuzzed-out gem goddamn well done in 2 ½ minutes on full blast.
The flip-side "Trash on" is an ode to P.Trash and perpetuates the fun and power of what it is all about – punk rawk. We love it – You get it!
While you flip this little slab over and over watch out for the second full-length LP to come later this year by your favorite label P.Trash!
