Better late than never, here's the delayed tour ep for the Canada mini-tour of LATEX SQUAD. Behind this ultra-cool ensemble is the mastermind of german trashpunk LATEX LOVERS and they deliver us some cool-as-fuck garage-poppy punkrock-action, not that far from their main outfit. You just can't deny those awesome parallels to bands like THE TOYOTAS, MANIKINS, ABOUT:BLANKS and even diverse KILLED BY DEATH-stuff. This shit goes straight forward, climbs right into your ears and makes you party like there's no tomorrow! Four great songs, not even one hits the 2 minutes – exactly how it's supposed to be!

Tracklist:

Blackbird
The Pa(e)st Is Black
Powerwalk
Love Letter (from the eastern front)
