American noise punks SPENT FLESH return with a follow up to 2012's well received self titled 10" with a new 7" to support a spring 2015 European tour. In their latest offering "Deviant Burial Customs" , SPENT FLESH systematically dissect, and unapologetically destroy hardcore punk and traditional song structure all while paying homage to the influences of generations before. In the words of Pablo Picasso, "Learn the rules like a pro, so you can break them like an artist."

SPENT FLESH takes highlights of American hardcore in the 1980's and effortlessly blend them with pop punk, noise, and some avant-garde elements.

This collection of songs is constantly mutating at break neck speed, all served up in a wonderful mess that blasts thru 9 songs in just over 13 minutes!!!
